

## **Post Implementation Evaluation Report**

### **KDHE Local Area Network – Health and Environment**

Project Dates: 9/2004 through 12/2004

Project Cost: \$341,851

#### Project Objectives

- Simplified the network architecture
- Increased speed, performance, reliability
- Increased bandwidth end-to-end, which is required for KDHE's critical application such as Bio-Terrorism and GIS applications
